BACHELOR THESIS ASSESSMENT

Title: Comparison of Selected Stock Exchanges in China and in the USA

Student: Daizhou Xian
Supervisor: Ing. Kateřina Kořená, Ph.D.

1. Subject and Objective of the Thesis
   The subject of this thesis is the stock exchange trading in financial markets. The choice of this subject is suitable for bachelor thesis. The objective of the thesis is the comparison of the selected stock exchanges in China and in the USA. This objective is defined in the introduction and it is possible to state that is was fulfilled.

2. Structure of the Thesis
   The bachelor thesis is divided into 6 chapters including introduction and conclusion. The structure of the study is organized in a good way and it is in accordance with the thesis assignment.

   The theoretical part of the thesis is focused on the description of the role of the stock exchanges and its principles and functions. The second part includes explanation of the development of the stock exchanges in China and in the USA. The core and the most important part of the thesis is the Chapter 6 Comparison of Selected Stock Exchanges in which the author describes the selected stock exchanges and compares them. The comparison of New York Stock Exchange and Shanghai Stock Exchange is not elaborated very well, it is not satisfactory and the conclusions are not detailed.

3. Formal Arrangement
   The formal arrangement of the study satisfies the requirements for the elaboration; the author generally can use correct formulations and the expressing is without serious mistakes. Nevertheless, there are small formal errors in the whole work. The using of references should have been better, too.

4. Question Proposal
   During the thesis defense, I recommend to answer the following question:

   • Will you explain the possibilities of foreign investors in Shanghai Stock Exchange?

5. General Comments
   The thesis is understandable and in total meets the demanded requirements. The student proved knowledge of this subject, but the thesis should have better elaborated and should have been more detailed. The formal arrangement of the study is good.

   On the whole it is possible to state that the objective of submitted thesis was for the most part fulfilled. Therefore despite the above mentioned objections this thesis can be recommended for the defense.
